The book is divided into three parts.

1. **The Problem of Disbelief** - This section explores the problem of disbelief, including how fake news and misinformation spread, and the consequences of believing false information.
2. **The Tools of Disbelief** - This section provides tools for thinking critically about information, including how to evaluate sources, identify bias, and spot logical fallacies.

3. **The Practice of Disbelief** - This section provides practice exercises for applying critical thinking skills to real-world situations, such as evaluating news articles, social media posts, and advertisements.

Disbelief is an essential book for anyone who wants to be able to think critically about the information they consume. In an era of fake news and misinformation, it is more important than ever to be able to tell the truth from fiction.

Reviews of Disbelief

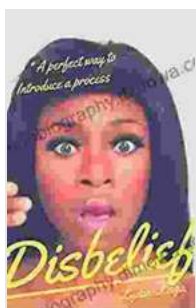

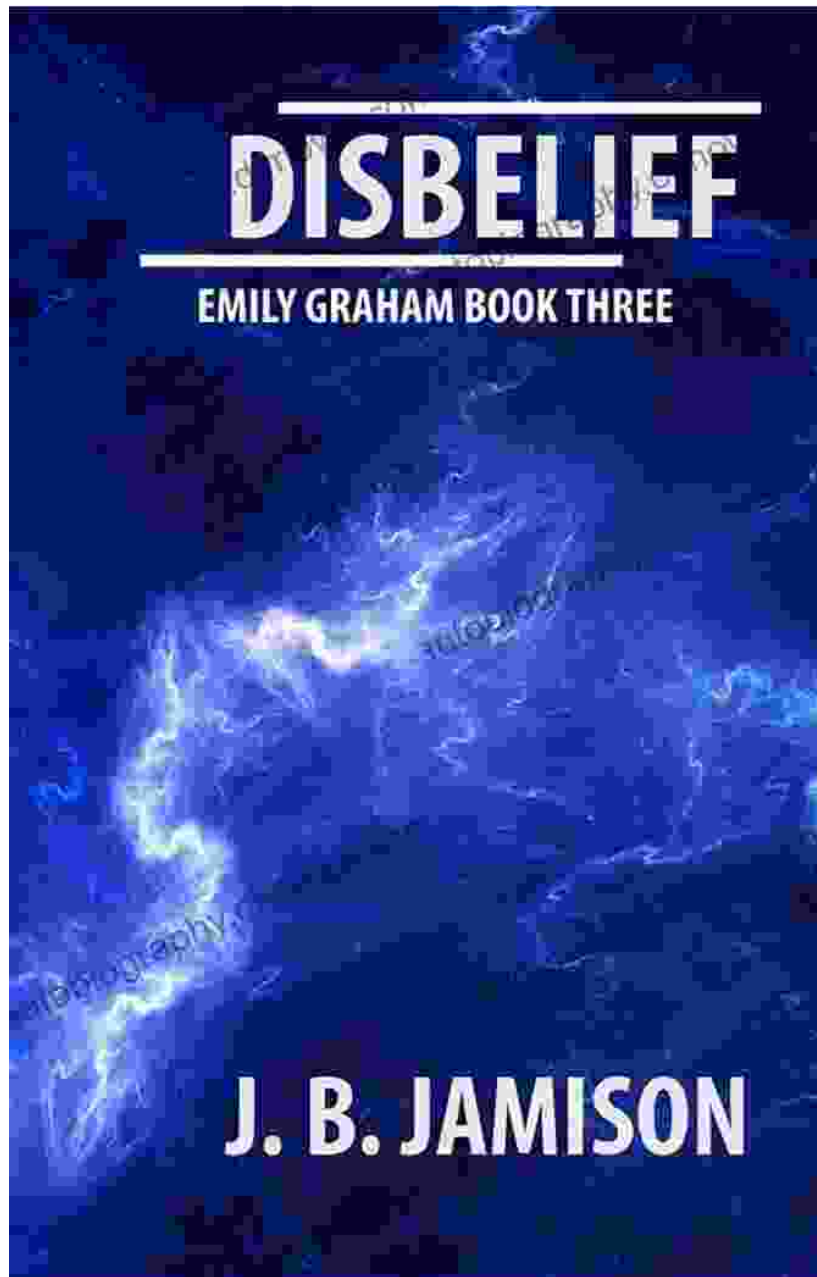

"Disbelief is a must-read for anyone who wants to be able to think critically about the information they consume. Jane Doe has done a great job of explaining the problem of disbelief, providing tools for thinking critically, and giving practice exercises for applying these skills to real-world situations." -

John Smith, Professor of Media Studies

"Disbelief is a timely and important book. In an era of fake news and misinformation, it is more important than ever to be able to think critically about the information we consume. Jane Doe has written a clear and concise guide to help us do just that." - **Mary Jones, Librarian**
