What Are Sight Words?

Sight words are words that are recognized instantly without having to sound them out. They are the most common words in the English language, and they make up about 50% of all the words we read.

Learning to read sight words is essential for children because it helps them to read more fluently and with greater comprehension. When children can recognize sight words, they can focus on the meaning of the text instead of having to decode every word.

The 100 sight words in Level Sight Words 100 Sentences With 50 Word Flash Cards Easy Peasy Reading are the most common sight words in the English language. By mastering these words, your child will be well on their way to reading success.

How to Use This Book

This book is designed to be used in a variety of ways. You can read the sentences aloud to your child, or you can have them read the sentences to you. You can also use the flash cards to practice sight words on the go.

Here are a few tips for using this book effectively:

- Start by reading the sentences aloud to your child. This will help them to get used to the sound of the words.
- Once your child is familiar with the sentences, have them read them aloud to you. This will help them to practice their reading skills.
- Use the flash cards to practice sight words on the go. You can play games, quiz your child, or simply help them learn new words.
- Be patient and encouraging. Learning to read takes time and practice. Don't get discouraged if your child doesn't master all of the sight words right away.
