## Cultural Identity

From your perspective.  
How important is cultural identity?

'From my perspective?  
As I see it or believe it to be?'

As you 'see' it.

'Well...  
Today as I 'see' it,  
One's cultural identity,  
Is expressed most effectively...  
When funding solicited,  
Becomes available.  
People want to get paid,  
For displaying their identities that way.'

And...  
What are your beliefs?

'That depends on which environment I'm in.'

Explain.

'In some environments,  
If funding is not extended...  
Displaying one's cultural identity offends.  
As if to do so requires permission.  
And the doing is treated like an event,  
When and if this permission is given.'

Hmmm.  
I see.  
And when you are not in such environments?  
'I'm not reminded that my kept identity  
Can be explained by a connection I might have...  
To being either West Indian, Rastafarian,  
Black.  
Or an empathizer to my ancestry or heritage.'

Hmmm.  
I see.  
That's interesting.  
So as you 'see' it and with kept beliefs.  
In which environment do you feel most comfortable?
